Scared of Love (feat. Ray BLK & Stefflon Don)

Rudimental

[Verse 1: Ray BLK]

I can see it in your eyes

You're locking out your mind

You wanna turn around and run

I wanna say this every time

When I'm wavey from the wine

But I always bite my tongue[Pre-Chorus: Ray BLK]

I know you been through some shit

What's love got to do with it?

It's okay, we've all been hurt before

You tell me, That's the lesson learned

You played with fire, you got burned

You got burned, yeah, you got burned

[Chorus: Ray BLK]

Don't be scared of love

Baby, you got some bruises like the rest of us

I got you, I got you

Don't be scared of love

Maybe you got some bruises, but when it gets too tough

I got you, I got you[Post-Chorus: Ray BLK]

Don't be scared

Don't be scared of love

Don't be scared of love

Don't be scared

Don't be scared

[Verse 2: Stefflon Don]

Even when you're down or when you're hopeless

I'll be there for you to make sure you're blessed

You ain't gotta ride for me, I'll ride for you (For you)

I don't even really want you to say

Too much 'cause I know the feeling of pain

I just wanna make sure that you stay cute (Oh, oh, oh)[Pre-Chorus: Stefflon Don]

'Cause in the early morning

You get stressed and don't come out

I'm right here, I'm fighting with you (Oh, oh, oh)

Dem couldn't ever walk in your shoes

Dem couldn't ever take your shine

So don't be scared of love (Ooh)[Chorus: Ray BLK]

Don't be scared of love

Baby, you got some bruises like the rest of us

I got you, I got you

Don't be scared of love

Maybe you got some bruises, but when it gets too tough

I got you, I got you[Post-Chorus: Ray BLK]

Don't be scared

Don't be scared of love

No, don't be scared of love (Don't be scared)

Said don't be scared

Don't be scared[Bridge: Ray BLK]

I got you and I know how you feel

Can see inside your head (Oh)

I got you and I know how you feel

Just call me and I'll be there (I got you)

I got you and I know how you feel (I got you)

Can see inside your head (I got you)

I got you and I know how you feel

Just call me and I'll be there [Chorus: Ray BLK]

Don't be scared of love

Baby, you got some bruises like the rest of us

I got you, I got you

Don't be scared of love

Maybe you got some bruises, but when it gets too tough

I got you, I got you[Post-Chorus: Ray BLK]

Don't be scared

Don't be scared (Don't be scared, don't be scared)

Said don't be scared of love (I got you, I got you)

Don't be scared

Don't be scared
