

Party In Your Bedroom

Cash Cash

There's a party in your bedroom all night long
There's a party in your bedroom all night long
There's a lot of talk about you
'Cause there's a party in your bedroom all night long
Pretty girl it's a show, let it go when you're alone There's a party in your bedroom all night long
There's a lot of talk about you
'Cause there's a party in your bedroom all night long
Pretty girl it's a show, let it go when you're alone
Lips sealed tight, don't say goodnight Walkin' down the street, keepin' hush, hush on the scene
No one knows you, such a mystery
Opposite of fun 'til you turn the power on
Then you come out turnin' up the heat
Upstairs all alone, one click for a show
Your roof is on fire, you're losing control There's a party in your bedroom all night long
There's a lot of talk about you
'Cause there's a party in your bedroom all night long
Pretty girl it's a show, let it go when you're alone
Lips sealed tight don't say goodnight Dancing with your hands turning strangers into friends
Touch the keys please and unlock my heart
You're free to be a freak, change your picture every week
Show the camera you're a super star Upstairs all alone, one click for a show
Your roof is on fire, you're losing control There's a party in your bedroom all night long
There's a lot of talk about you
'Cause there's a party in your bedroom all night long
Pretty girl it's a show, let it go when you're alone
There's a party in your bedroom all night long
There's a lot of talk about you
'Cause there's a party in your bedroom all night long
Pretty girl it's a show, let it go when you're alone
Lips sealed tight don't say goodnight It's no debate, when I think of you can't stay on track
'Cause I can't wait, can't stay on track, can't hide the fact
You're all I want, you're all I need
Let's get this party started, kick it hard just you and me There's a party in your bedroom all night
long
There's a lot of talk about you
'Cause there's a party in your bedroom all night long
Pretty girl it's a show, let it go when you're alone There's a party in your bedroom all night long
There's a lot of talk about you
'Cause there's a party in your bedroom all night long
Pretty girl it's a show, let it go when you're alone
Lips sealed tight don't say goodnight
