

Precious

Little Dragon

Precious, you know I can't stay
I asked, you never told me
So soon, I take myself back again " again, again
I'm bitter sweet
You know that I can't pretend Precious, I cannot hold back
I asked, and you put me off track
So soon, I dream myself back again " again, again
I'm bitter sweet
You know that I can't pretend
Precious, you know I cant stay
I asked, you never told me
