

# Lay Down Beside Me

[Kenny Rogers](#)

I've spent my life looking for you  
Finding my way wasn't easy to do  
But I knew there was you all the while  
And it's been worth every mile. Lay down beside me and love me and hide me  
Kiss all the hurting of this world away  
Hold me so close that I'll feel your heartbeat  
And don't ever wander away. Mornings and evenings all were the same  
And there was no music 'til I heard your name  
But I knew when I saw you smile  
Now I can rest for a while.
