My Hood

Young Jeezy

Every time I do it, I do it for my hood And every time I do it, I do it for yo hood And every time I do it, I do it for they hood It's understood, I do it for the hoodEvery time I do it, I do it for my hood And every time I do it, I do it for yo hood And every time I do it, I do it for they hood

It's understood, I do it for the hoodThe streets love Jeezy and I love 'em back

And if I still had the work, I frontcha sack, hey

It's all gravy, still reaching wit my words

And make 'em feel good like the first and the thirdTake you back when I was sixteen, wit a bankroll

> Posted on a corner like a light pole They used to call us track stars

Before they even stopped, we ran to dem cars And everybody on the block got the same agenda

Hustle from January 'til the end of December

Wasn't smokin' purple, then it was more like Bobby Brown

On that hen dog straight, got a nigga drinking brown You, you, 7/11, nigga you know

You know 10 to 4, shake 'em up, talk shit, get my drink and let 'em go

Even when I'm on the road, the gangstas stay in touch

Why the fuck you think they love me so much Every time I do it, I do it for my hood

And every time I do it, I do it for yo hood

And every time I do it, I do it for they hood

It's understood, I do it for the hoodEvery time I do it, I do it for my hood

And every time I do it, I do it for yo hood

And every time I do it, I do it for they hood

It's understood, I do it for the hood

I'm talking summertime cookouts and wintertime flights

It ain't nothing, we hearing shots all night

Ford Taurus pulls up everybody run

White boys jump out, running wit they guns, 5-0, 5-0Ford Taurus leave, everybody came back,

Hope dem boyz didn't find my sack

Real recognize, real I suppose

I guess that's why the gangstas be at all my showsGot the deal, nothing changed but my clothes Still catch me in the jects, fuckin' wit dem hoes, projects

Like coo-coo cal

Lord, I wish mad Lou could see me nowWish gold mouth was home, mailman was free A lot of niggaz crossing over, no dog, no, not me

Close to ever been in the commercials, when I watch TV

And everybody know I rep these streets faithfully Every time I do it, I do it for my hood And every time I do it, I do it for yo hood

And every time I do it, I do it for they hood
It's understood, I do it for the hoodEvery time I do it, I do it for my hood
And every time I do it, I do it for yo hood
And every time I do it, I do it for they hood
It's understood, I do it for the hoodFord Taurus pull up, everybody run
White boys jump out, running wit they guns
Ford Taurus leave, everybody came back, hey
Hope dem boyz didn't find my sackEvery time I do it, I do it for my hood
And every time I do it, I do it for they hood
It's understood, I do it for the hoodEvery time I do it, I do it for my hood
And every time I do it, I do it for they hood
It's understood, I do it for they hood
It's understood, I do it for they hood
