

# Come With Me (feat. Various Artists)

## Puff Daddy & Jimmy Page

Uh-huh yeah Uh uh-huh yeah Yeah Hear my cries, hear my call  
Lend me your ears, see my fall  
See my error, know my faults  
Time halts, see my loss Know I'm lacking, backtracking  
Where I met you, pistol packing  
Itchy finger, trigger happy  
Try to trap me, bad rap Wiretap me, backstab me  
Break the faith, fall from grace  
Tell me lies, time flies  
Close your eyes, come with me  
Come with me  
Yeah  
Come with me  
Uh-huh yeah  
Yeah You said to trust you, you'd never hurt me  
Now I'm disgusted, since then adjusted  
Certainly you fooled me, ridiculed me  
Left me hangin', now shit's boomerangin' Right back at ya, think long-ranged  
Narrow minded, left me blinded  
I co-signed it, shit backfired  
But I'm bouncin' back, I grinded Not many would bear the pressure, you comprehend me  
You musn't end me, you offend me  
It's trauma, feel the drama  
Come with me  
Yeah  
Uh-huh  
Heh-heh  
Come with me  
Don't be afraid  
Yeah  
Come with me I close my eyes  
And I see  
You, standing there  
I cry  
Tears, of sorrow  
I die Uh-huh  
Yeah Fuck my enemies, fuck my foes  
Damn these hoes, is steppin' on my toes  
Back up off me, take your hands off me  
Give me room to breathe I'm not hearin' it, I'm not fearin' it  
I'm up to my ears in it, bullshit  
I'm destructive, some women find that seductive

Some say it's lunacy, but luckily I've been movin' on I ignore you, sorry if I call you  
I neglect you, don't mean to disrespect you  
Can't you see, I love you dearly  
And not sincerely, but you annoy me You can't avoid me, I'm here to stay  
Forever, and ever in a day that's never  
I can't let you go, I can't forget it  
Why you did it, I won't permit it I won't acquit it, I wanna to fight you  
I'll fuckin' bite you, can't stand nobody like you  
You can't run, you can't hide  
No surprise, close your eyes  
Come with me Yeah
