

# Champion (feat. Travis Scott)

NAV

Ballin' like I'm in the NBA  
No, these racks cannot see TSA  
They found me, now I have to relocate Finna take off on spaceship (spaceship)  
Dodgin' these hoes like Matrix (Matrix)  
Ain't fuckin' her unless she nameless  
'Cause the last two was too famous (famous)  
We got that trophy like a champion  
Fell asleep right on a jet, we gone  
Big rings just like a champion  
No TSA, hop on a jet, we gone  
Smash out  
I call my hoe and then I smash out  
I brought my bros, let's get this cash out  
Eye in my mind, drop the bag off, bag off, yeah  
I'm going top grade, ain't made no bad call  
Just bought a new crib, old one was mad-small  
I triple my cup, I make it mad tall, mad tall  
None of these hoes is basic, yeah  
Grease stuck in my teeth like braces, yeah  
VVS's, don't need Lasik, yeah  
Iced-out crosses, freezing Satan, yeah Finna take off on spaceship (spaceship)  
Dodgin' these hoes like Matrix (Matrix)  
Ain't fuckin' her unless she nameless  
'Cause the last two was too famous (famous)  
We got that trophy like a champion  
Fell asleep right on a jet, we gone  
Big rings just like a champion  
No TSA, hop on a jet, we gone  
Fucked a famous girl to "Mask Off"  
(Molly, Percocet)  
Pop a bean an' let the bags talk  
Bought ten bottles on a last call (last call)  
Flew a basic girl out from Alaska  
Illegal alien inside my spaceship  
Two Cs on my shoes, these not no ASICS  
Get out my face, my pockets full of faces  
Bust down gold AP, that's not no stainless (yahh)  
My Rollie told me what the day is  
I like her 'cause she basic, she got braces  
Her followers 100k, then she too famous  
If she got a thousand, might make her my main bitch, yeah Finna take off on spaceship  
(spaceship)
