

# Someone Who Needs Me

Bob Sinclar

For once in my bed  
I have someone who needs me  
For once in my bed  
I have someone who needs me  
Hey! Yeah!  
Someone who needs me  
Hey! Yeah!  
I have someone who needs me  
For once in my bed  
I have someone who needs me  
For once in my bed  
I have someone who needs me  
Hey! Yeah!  
Someone who needs me  
Hey! Yeah!  
Someone who needs me  
Oh, once I can see, this is mine, you can't take it  
For once I can see, I have someone who needs me  
Oh, once I can see, this is mine, you can't take it  
For once I can see, I have someone who needs me  
(someone who needs me)  
For once in my bed  
I have someone who needs me  
For once in my bed  
I have someone who needs me  
For once in my bed  
I have someone who needs me  
For once in my bed  
I have someone who needs me  
Hey! Yeah!  
Someone who needs me  
Hey! Yeah!  
I have someone who needs me  
For once in my bed  
I have someone who needs me  
For once in my bed  
I have someone who needs me  
Hey! Yeah!  
Someone who needs me  
Hey! Yeah!  
Someone who needs me  
For once in my bed  
I have someone who needs me  
For once in my bed  
I have someone who needs me

Hey! Yeah!  
Someone who needs me  
Hey! Yeah!  
I have someone who needs me
