Always

Erasure

Open your eyes, I see Your eyes are open Wear no disguise for me Come into the openWhen it's cold (When it's cold) outside (outside) Am I here in vain? Hold on to the night There will be no shameAlways, I wanna be with you And make believe with you And live in harmony, harmony oh love (Always) I wanna be with you And make believe with you And live in harmony, harmony oh love (Always) Melting the ice for me Jump into the ocean Hold back the tide. I see Your love in motionWhen it's cold (When it's cold) outside (outside)Am I here in vain? Hold on to the night There will be no shame Always, I wanna be with you And make believe with you (Always) And live in harmony, harmony oh love (Always) I wanna be with you (Always) And make believe with you (Always) And live in harmony, harmony oh love (Always) When it's cold (When it's cold) outside (outside) Am I here in vain? Hold on to the night (When it's cold in the night) (Where the new love grows) There will be no shame (no shame)Always, I wanna be with you And make believe with you And live in harmony, harmony oh love (the leaves are falling down)(Always) I wanna be with you And make believe with you And live in harmony, harmony oh love (Always) I wanna be with you And make believe with you And live in harmony, harmony oh love (all the leaves are falling down(Always) I wanna be with you And make believe with you And live in harmony, harmony oh love (Always) I wanna be with you

And make believe with you And live in harmony, harmony oh love (all the leaves are falling down)(Always) I wanna be with you
