

# Set Me Free (feat. LIZ)

Diplo

Stone cold, when I look up to the sky, baby I feel freedom, and it's all gold  
Like a sun up in the sky  
That's the feeling  
Slingshot, boomerang, set me free Wind it up, wind it up, one, two, three  
Slingshot, boomerang, set me free  
Wind it up, wind it up, one, two, three  
We're dipping in neon lights  
We're living this dream tonight We're riding this wild young life  
And we don't have to try, try, try  
Try, try, try  
Wind it up, wind it up, one, two, three  
Wind it up, wind it up, one, two, three Wind it up, wind it up, wind it up, wind it up  
Wind it, wind it, wind it up, one, two, three  
Stone cold, when I look up to the sky, baby  
I feel freedom, and it's all gold Like a sun up in the sky  
That's the feeling  
Slingshot, boomerang, set me free  
Wind it up, wind it up, one, two, three  
Slingshot, boomerang, set me free  
Wind it up, wind it up, one, two, three  
Wind it up, wind it up, wind it up, wind it up  
Wind it up, wind it up, wind it up, wind it up  
Wind it, wind it, wind it, wind it...  
Wind it up, one, two, three  
(One, two three)
