

REDRUM

VAMPS

Fear, in pain, crime, pleasure

Evil, insane, torture, friend

He states, don't mistake

Don't mistake

Don't mistake

Enemy, target, prisoner

Attack, against, shooting, you?

He states, don't mistake

Don't mistake

Don't mistake

Say God

You made justice in this world then reversed it?

Who says, it is sanity to pull that trigger?

Say God

You made justice in this world then reversed it?

In vain, and we're going insane

Redrum am I He states, don't mistake

Don't mistake

Don't mistake

Say God

You made justice in this world then reversed it?

Who says, it is sanity to pull that trigger?

Say God

You made justice in this world then reversed it?

In vain, and we're going insane

Say God

You made justice in this world then reversed it?

Who says, it is sanity to pull that trigger?

Say God

You made justice in this world then reversed it?

In vain, and we're going insane

Will I make it through your gates?

Say God, will I make it through your gates?
