The One

Kodaline

Tell me Tell me that you want me And I'll be yours completely For better or for worseI know We'll have our disagreements Be fighting for no reason I wouldn't change it for the world'Cause I knew The first day that I met you I was never gonna let you Let you slip away And I Still remember feeling nervous Trying to find the words to Get you here todayYou make my heart feel like it's summer When the rain is pouring down You make my whole world feel so right when it's wrong That's how I know you are the one That's why I know you are the oneLife It's easy to be scared of With you I am prepared for What is yet to come'Cause our two Hearts will make it easy Joining up the pieces Together making one You make my heart feel like it's summer When the rain is pouring down You make my whole world feel so right when it's wrong That's how I know you are the one That's why I know you are the oneWhen we are together you make me feel like my mind is free and my dreams are reachable, whoa You know I never ever believed in love, I believed one day that you would come along and free me You make my heart feel like it's summer When the rain is pouring down You make my whole world feel so right when it's wrong That's how I know you are the one That's why I know you are the one That's why I know you are the one That's how I know you are the one Song Discussions is protected by U.S. Patent 9401941.
