Instant Crush (feat. Julian Casablancas)

Daft Punk

I didn't want to be the one to forget I thought of everything I'd never regret A little time with you is all that I get That's all we need because it's all we can take One thing I never see the same when you're 'round I don't believe in him — his lips on the ground I wanna take you to that place in the "Roche" But no one gives us any time anymore He ask me once if I'd look in on his dog You made an offer for it, then you ran off I got this picture of us kids in my head

And all I hear is the last thing that you said'I listened to your problems Now listen to mine'

> I didn't want to anymore, oh oh ohh And we will never be alone again Cause it doesn't happen every day Kinda counted on you being a friend

Can I give it up or give it awayNow I thought about what I wanna say But I never really know where to go

So I chained myself to a friend

Cause I know it unlocks like a doorAnd we will never be alone again Cause it doesn't happen every day

Kinda counted on you being a friend

Gotta give it up or give it awayNow I thought about what I wanna say

But I never really know where to go So I chained myself to a friend

Some more again

It didn't matter what they wanted to see He thought he saw someone that looked just like me The summer memory that just never dies We worked too long and hard to give it no time He sees right through me, it's so easy with lies Cracks in the road that I would try and disguise

He runs his scissor at the seam in the wall He cannot break it down or else he would fall1, 000 lonely stars Hiding in the cold

Take it, oh I don't wanna sing anymore'I listened to your problems Now listen to mine'

I didn't want to anymore, oh oh ohhAnd we will never be alone again Cause it doesn't happen every day Kinda counted on you being a friend

Can I give it up or give it awayNow I thought about what I wanna say

But I never really know where to go So I chained myself to a friend

Cause I don't know what else I can doAnd we will never be alone again

Cause it doesn't happen every day

Kinda counted on you being a friend

Can I give it up or give it awayNow I thought about what I wanna say

But I never really know where to go

So I chained myself to a friend

Cause I don't know what else I...

I don't understand, don't get upset I'm not with you...

We're swimming around, it's all I do

When I'm with youAnd we will never be alone again

Cause it doesn't happen every day

Kinda counted on you being a friend

Can I give it up or give it awayNow I thought about what I wanna say

But I never really know where to go

So I chained myself to a friend

Cause I don't know what else I can doAnd we will never be alone again

Cause it doesn't happen every day

Kinda counted on you being a friend

Can I give it up or give it awayNow I thought about what I wanna say

But I never really know where to go

So I chained myself to a friend

Cause I don't know what else I can do
