Orange Crate Art

Van Dyke Parks

Orange crate art was a place to start Orange crate art was a world apart Home for two with view of sonoma Where there's aroma and heartMemories of her orange crate art Orange crate table and a rockin' chair Barnyard gate waiting some repair Trust in fate and sweet inspirationYou could go bust to replace Just what is here by the case Hear the lonesome locomotion roar Hobo hop on if you dare And it rolls where grapes of wrath are stored Stops on a bracero's prayer On the dawn of a vintage cruise Calms the wine of this rendezvous Room for two in view of sonoma Back when ramona had heart Memories of her orange crate art Room for two in view of sonomaBack when ramona had heart Memories of her orange crate art
