

Excuse Me Mr Sir (feat. Vargas & Lagola)

Avicii

[Pre-Chorus]

I'm a rollercoaster beyond belief
And what you need, what you really, really need
'Cause you're always coming back to me
Bring it back now

I'm a riot walking down the street
And what you need, what you really, really need
'Cause you're always coming back to me

[Chorus]

I'm a villain, villain 'bout to make a million
One too many records sold
(That's why I)

Chillin' while I keep on building, see you fuckers down the road
(Ah!)

Better, better, feelin' much better
Tonight I'll do it all again
(Cop that!)

Tickin', tickin', time keeps ticking
I'm rolling out 'til the end
Bring it back now [Instrumental]

[Pre-Chorus]

I'm a rollercoaster beyond belief
And what you need, what you really, really need
'Cause you're always coming back to me
Bring it back now

I'm a riot walking down the street
And what you need, what you really, really need
'Cause you're always coming back to me [Chorus]

Excuse me Mr. Sir

I don't understand a word
Your enquires are none of my concern

Excuse me Mr. Sir

I don't understand a word
With all due respect, I'll best be on my way
