

Calling

VAMPS

I used to be afraid of showing who I was inside
More than a prisoner - a victim trapped in my own life
I couldn't figure out me to open up my eyes! I'm calling - calling
No matter what I say to you
There's nothing that gets through! Right now I'm calling - calling
Show me who you really are
There's nothing left to lose! That's why I'm calling - calling to you
Don't waste your time pretending like you don't know what to do
Cause you already know the answer is inside of you
Get up and do it - only you can change your life
I'll be there for you when you open up your eyes! I'm calling - calling
No matter what I say to you
There's nothing that gets through! Right now I'm calling - calling
Show me who you really are
There's nothing left to lose! That's why I'm calling - calling to you! Can you hear me?
I am reaching out
Can you hear me now? I'm calling - calling
No matter what I say to you
There's nothing that gets through
I'm calling - calling
Show me who you really are
There's nothing left to lose! That's why I'm calling - calling to you
