why cause i never had shyt

I know what they made at

I pull and flex on em

Reason my neck VVS on it

Hop out that vet with a check on me

I bet your bitch will get wet for me

Don't disrespect cause the tech on me

That ring on my finger look wet don't it

Jesus pieces i got blessings on me

No cap and no Mitchell & Ness on me

Yea yea yea...

when i couldn't pay the bills i was stressing ,

barely feeding my kids i was helpless,

use to count up the change on the dresser

Last night i was swerving in the fast lane

still kind of faded from my last drank

Sometimes i have nightmares bout my past days

If I'm dreaming let me sleep hope i don't crash mane
