

Hallelujah Anyway

Candi Staton

Uhhmmmm... Yeah!
Uhhhhhhhhuuuwhhh!
Oh Yeah! You have some problems,
You need got to solve them
You get down on your knees and pray
When is He coming through,
When will He answer you. Well it may not be right away But in the mean time,
Just keep your mind,
In a positive attitude.
And while you waiting,
Start praising,
He is gonna see you through,
Here is what you got to do. Praise Him till your blessings come down
Praise Him till your situation turns around You gotta lift up your voice and say: Hallelujah
anyway
Hallelujah anyway Come on! Praise Him till your blessings come down
Praise Him till your situation turns around You gotta to lift up your voice and say:
Hallelujah anyway!
Hallelujah anyway-ay-ay
Woohoo! Hallelujah
Just say Hallelujah anyway!
So much is going on,
What's takin god so long.
Your is back is up against the wall
so many night's you cry
I wonder if it hurts all
You got to trust Him,
Be patient, He's working behind the scenes.
Just keep rejoicing
Start dancing.
He's givin you the victory
Show Him that you believe. Praise Him till your blessings come down
Praise Him till your situation turns around
You gotta to lift up your voice and say:
hallelujah anyway
Hallelujah anyway
Praise Him till your blessings come down Praise Him till your situation turns around
You gotta to lift up your voice and say:
hallelujah anyway!
