Decide You're Gone

SOJA

I used to think that I would go this all alone I used to think that I would do it by myselfBut I found another one like me walking alone I don't think she stands a chance with no one elsebut anyway I'll be here and you'll be there and we'll be by the phone (and you know) I'll be sitting, watching you waiting for you you decide you're ... you decide you're gone and when I'm calling If I'm calling someone else it don't feel the same as when I'm calling you I mean itAnd in a world I more and more can't understand It would be hard to lose something that I dobut anyway I'll be here and you'll be there and we'll be by the phone (and you know) I'll be sitting, watching you waiting for you you decide you're ... you decide you're gone So watch the days 'cuz they all turn into the night, and watch the sun 'cuz it turns into the moon and in a world that won't stop turning us around at least we know who we can turn to, to, to nowI'll be here and you'll be there and we'll be by the phone (and you know) I'll be sitting, watching you waiting for you you decide you're ...i'll be there and you'll be here and we'll be by the phone and i'll be sitting while i watch i'll be watching while i wait

for you to decide that you're gone for you to decide that you're goneis it too much is it too far is it too long and now you're gone and i'll be here and you'll be there and you will decide that you're gone 'cause it's too much and it's too far and it's too far and you are gone and you decide you're ... you decide you're gone ...
