

Let Love Live (feat. Duane Stephenson)

Tarrus Riley

(Tarrus Riley) No love at all, no love yuh see... Sad, It's a shame yuh know. Yeah... Uh

(Duane Stephenson) Uh, This is a love song.

(TR) Unconditional, uh

(DS) We need love, we need love Plant a seed of love, you'll reap it

Walk and speak of love, you'll see it A burden to society, that is what they think of me

They see trouble in my eyes

Ask me why I'm angry, it's all the hypocrisy

That every man sees and still they're blind, so blind

There's no love, I'm telling you brother

No-one is willing to compromise

And it's a shame 'cause,

We need love, we need love, more love, yeah

It should be active in our lives

It doesn't hurt to share, It doesn't hurt to care

It doesn't hurt to give, so let love live in our lives

It doesn't hurt to share, It doesn't hurt to care

But it hurts to know that some won't let love grow Repeat BRIDGE > Musical Interlude
