

# Welcome to My Life

## Less Than Jake

Welcome to my life, so set to say I'm sorry to everybody  
Sorry it's almost automatic, I mean  
well but I lose it in the static  
Big plans but they always go up in smoke  
Too bad I didn't take a minute  
To make the most of everyday while I was in it  
So sad I'm gonna end up alone  
Welcome to my life, so set to say I'm sorry to everybody  
Sorry I take it all for granted, turn it off or I lose it in a panic  
Truth is its all that I've ever known  
Fact is if you blink you might've missed it  
I guess the moment's gonna pass without you in it  
So sad you're gonna end up alone  
I've been busy, dizzy living with this feeling now  
Might have been days in a haze and I'm losing count  
Of saying sorry and I walk away  
Welcome to my life, so set to say I'm sorry to everybody  
Hey everybody, I say I'm sorry
