

# Jungle

## Nasty C

Huh

It sounds so perfect I fuck who I want when I want to

Ain't no rules in the jungle

Niggas gettin' high, gettin' drunk in the jungle

Used to get the left over sips from my uncles

Niggas you should really give a shit, we was humble

Yeah my little niggas got dark where the sun go

We was sinnin' in the backyard it was fun though

We was young and dancin' with the devil

Bitch ya dun know (yeah)

I was prayin' to a fake cuban link, stupid me

Pain to the girl I'm dating now, would you believe

All the little shit they used to say would ruin me

Turned me to a man and now nothin's new to me

Marinate, marinate, marinate (marinate)

Masturbate addiction in the seventh grade (yeah)

Now I tell her make that booty levitate (levitate)

Now she hold my dick up like a accolade (accolade) Who let the dog off the leash?

Who let the wolf see the sheep?

Let 'em eat right now

Who wasn't lame in his teens?

Who got your broad in the sheets eatin' meat right now?

(Perfect)

My Puerto Rican bitches lookin' colored eksê

My colored bitches lookin' Puerto Rican ese

I fuck who I want when I want to

Ain't no rules in the jungle

Niggas gettin' high, gettin' drunk in the jungle

Used to get the left over sips from my uncles

Niggas you should really give a shit, we was humble

Yeah my little niggas got dark where the sun go

We was sinnin' in the backyard it was fun though

It sounds so perfect I'm a hoes nigga, not a hoe nigga

PS4 nigga, I control niggas

Ivyson religion, watch your tone nigga

I'm on the phone with a gorilla

I can't take no shit, I take a joke nigga

I was diggin' my grave and found gold, nigga

I'm the future you are talking to the bones, nigga

(God damn)

Ease up

Pinky ears, neck freeze up

(Damn that nigga blingin')  
He's a  
Monkey with some diamonds, oh good Jesus  
Fuck goin' broke and givin' up threesome  
Apes stick together 'cause we are a people  
And I know that lyin' is below me but  
If my nigga say he don't know, I'ont know either, bitch I fuck who I want when I want to  
Ain't no rules in the jungle  
Niggas gettin' high, gettin' drunk in the jungle  
Bitches gettin' high, gettin' drunk in the jungle  
Niggas you should really give a shit, we was humble  
Yeah my little niggas got dark where the sun go  
We was sinnin' in the backyard it was fun though  
We was young and dancin' with the devil  
Bitch ya dun know Jungle
