Ohh, Ay  
I would know exactly how you felt but we don't talk now  
Used to hold you naked in my arms I know you're gone now  
Everything was right, and now its wrong now  
It's how I'm feeling I'm god now (yeah)  
Look at who I follow just to stalk now, quit playing around  
You would climb back you would do anything for a bar now  
See you around the world you make the distance seem far nowO-o-o  
I leave you alone  
Make me wanna go  
Make me wanna leave my home town  
Away from Hollywood girls in the valley  
I know that all the tweets you posting is about me  
I got to go  
I'll stay out of Cali for a while (Cali for a while)  
I'll stay out of Cali for you now  
I'll stay out of Cali for a while  
Every shorty think they too cool for you  
But you get used to it  
This is how it is in California (in California)  
Swear they love it when you act like you don't wanna  
They all biting on the check and they know who got it next  
If it ain't about money then they can't do nothing for ya  
If they gonna take what they give regardless  
She just want shove a little rich nigga with a little oh ye  
Someone that she know won't ever put up with the bullshit  
Someone she can get drunk and get high and be no good with  
Someone who will see through her without even looking noI ain't got no time for these hoes  
And i might lose my mind  
If I don't go (If I don't go)  
Get some piece of mind  
Away from Hollywood girls in the valley  
I know that all the tweets you posting is about me  
I got to go  
I'll stay out of Cali for a while  
I'll stay out of Cali for you now  
I'll stay out of Cali for a whileO-o-o Yeah Ohh Oh O-Oh
