

# Baby Blue

## Blackfoot

BABY BLUE

Medlocke-Spires

Well the first time that I saw her  
She was standin' on the floor  
And it hit me like a bolt of lightnin' baby  
When she walked through the door  
And the time was right  
Stars were shinin' bright  
And I kept fallin'  
Yes it may sound funny to you  
Now she's my baby blue  
Well it was a jumpin' night  
And everybody playin' their games  
When I saw her in the light  
I knew I'd never be the same  
Yes the stars were bright  
A jumpin' Friday night  
And I kept fallin'  
Well it may sound funny to you  
Oh she's my baby blue  
(Solo)  
There's no lies between us  
No games we play  
So why wait till tomorrow, baby  
When we can live today  
And now I'm the light  
The light that's shinin' bright  
In her eyes, oh yes  
Well it may sound funny to you  
Oh she's my baby blue  
Oh now listen, it may sound funny to you  
Oh she's my baby blue
