

# Codeine Dreaming (feat. Lil Wayne)

## Kodak Black

[intro: Kodak Black]

Yeah, yeah, yeah

Take that all the way up

I'm about to take off on these niggas

And I'm codeine dreaming

(and I'm codeine dreaming, and I'm codeine dreaming

And I'm codeine dreaming, and I'm codeine dreaming)[Hook: Kodak Black]

I might take off on you peons and go away to Venus

I'm a star so I put a neutron on my pinkie

I'm moonwalking but my Christian Loubotin's bleeding

I'm smoking moonrocks, shawty, and I'm feeling seated

I might take off on you peons and go away to Venus

I'm a star so I put a neutron on my pinkie

I'm moonwalking but my Christian Loubotin's bleeding

I'm smoking moonrocks, shawty, and I'm feeling seated

[Verse 1: Kodak Black]

I'm in Uranus right now, I think I've seen a demon

I thought I left you back there in the cell or am I dreamin'?

Say I ain't dealing with your dawg, going a different way

I broke up with my redbone, I went the milky way

I'm ridin' in a Wraith feeling like I'm in outer space

Stars on my sunroof, Planet of the Apes

I couldn't wait until they released me, right back on the turf

I took off on you bustas, left you right on planet Earth

I'm feeling Jimmy Neutron, how I blast off on a verse

I know my son gon' like this song so I ain't finna curse

Know he gon' wanna explore the world so I'm gon' show him first

Say we're just distinguished beings, baby, me and you diverse

[Hook: Kodak Black]

I might take off on you peons and go away to Venus

I'm a star so I put a neutron on my pinkie

I'm moonwalking but my Christian Loubotin's bleeding

I'm smoking moonrocks, shawty, and I'm feeling seated

I might take off on you peons and go away to Venus

I'm a star so I put a neutron on my pinkie

I'm moonwalking but my Christian Loubotin's bleeding

I'm smoking moonrocks, shawty, and I'm feeling seated

(and I'm codeine dreaming, and I'm codeine dreaming

And I'm codeine dreaming)[Verse 2: Lil Wayne]
