

Dracula Teeth

The Last Shadow Puppets

The Railway Arch Confessional
I wrote your name in white emulsion
I drift away with silver faces on display
I wake up in an ice-cold sweat and my skin starts to
creep
You're hovering above my bed, looking down on me
Haunted house sound effect
Dracula Teeth
Love boy's last resort
Secretly call the Getaway Car
Lucky stars rattle the jaw
As the drawing bow
I wake up in an ice-cold sweat and my skin starts to creep
You're hovering above my bed, looking down on me
Haunted house sound effect
Dracula Teeth
Dracula Teeth
Lipstick on my pillow via my cheek
The full moon's glowing yellow and the floorboards creek
C'est horrible!
Threatening behaviour
Bounces round my mind
Enthusiasm paraphernalia
All over the side
Dracula Teeth
Dracula Teeth
Dracula Teeth
The pinball machine's on mute
