

# Playground

Abir

Kids in background  
Yeah yeah yeah mmmm  
Hanging all my clothes to dry  
It's been a long night  
Ran up all the fuel inside, yeah  
Holding all my cards now  
Phone was dead, it's charged now  
Memories won't save, but I like it that way  
Hair blowing in the wind  
Feeling my innocence  
Cuz I got to, cuz I want to play around  
Taking my blessings in  
Feeling my confidence  
Cuz I got to, cuz I want to stay around  
You know it's a feeling, yeah  
When I'm feeling it, it, it  
Welcome to my playground  
Where all my people and my camp folks  
Lay it down  
And we don't care 'bout if you're poppin'  
If you're caking, if you're smoking, if you're faded  
Stay down, just stay down  
Welcome to my playground  
Where all my people and my camp folks  
Lay it down  
And we don't care 'bout if you're ballin'  
If you're famous, if you're drinking, if you're wasted  
Stay down, just stay down, yeah  
Hanging 'round low, you know I'm always hidin'  
Taking all my walls and making moves in silence  
I just pull up to the spot and get to wil'in  
We get to wil'in, yeah  
Hair blowing in the wind  
Feeling my innocence  
Cuz I got to, cuz I want to play around  
Taking my blessings in  
Feeling my confidence  
Cuz I got to, cuz I want to stay around  
You know it's a feeling, yeah  
When I'm feeling it, it, it  
Welcome to my playground  
Where all my people and my camp folks

Lay it down  
And we don't care 'bout if you're poppin'  
If you're caking, if you're smoking, if you're faded  
Stay down, just down  
Welcome to my playground  
Where all my people and my camp folks  
Lay it down  
And we don't care 'bout if you're ballin'  
If you're famous, if you're drinking  
Just stay down  
dance break  
Stay down  
Stay down  
Welcome to my playground  
Kids in background
