## Kodak Black

[Intro: Kodak Black]

I'm stompin'

Let's start a moshpit

Fuck a protest let's start a moshpit

Yeah[Chorus: Kodak Black & Juice WRLD]

Red bottom kicks I feel like stomping in here (Ya dig)

No oatmeal and grits I'm eating codfish in here (Uh-huh)

New space coupe feel like a martian in here (Yeah)

Fuck a protest let's start a moshpit (Fuck a protest)

Red bottom kicks I feel like stomping in here (Ya dig)

No oatmeal and grits I'm eating cod fish in here (Eating cod fish in here)

New space coupe feel like a martian in here (Skeert)

Fuck a protest lets start a moshpit (Start a moshpit)

[Verse 1: Juice WRLD]

Out of space hot like a martian in here

Doing donuts in the lot ain't no parking in here

We about that action ain't no talking in here

Shorty twerking on the walls, Peter Parker in here

Haters in the rear view, ex on my phone

We too loud I can't hear you

His blood turn his coat red, I will Paul Revere you

I'ma ball 'til I fall, I will Cavalier you

Space Jam jumping they asking who let the monsters in here

I'm with killers I'm with straight Jeffrey Dahmer's in here

I hang with animals, lil' brody brought the llama in here

Money old, old enough to fuck your mama in here, oh yeah

[Chorus: Kodak Black & Juice WRLD]

Red bottom kicks I feel like stomping in here (Ya dig)

No oatmeal and grits I'm eating codfish in here (Uh-huh)

New space coupe feel like a martian in here (Yeah)

Fuck a protest let's start a moshpit (Fuck a protest)

Red bottom kicks I feel like stomping in here (Ya dig)

No oatmeal and grits I'm eating cod fish in here (Eating cod fish in here)

New space coupe feel like a martian in here (Skeert)

Fuck a protest lets start a moshpit (Start a moshpit)[Verse 2: Kodak Black]

Fuck a protest let's start a fight in here

I just stepped up in the party all my snipers here

I be rocking Tom Ford popping Molly though

Now I'm eating calamari no more sloppy joe

Choke sandwich in my mansion, tryna save for dinner

I'ma start a moshpit in the Staples Center

All you niggas bitter, it's alright though

Codeine in my liver, I'm sipping hydro  
I'm blowing nitro, smoking jetpack  
Hating on a street nigga, can't respect that  
I wanna jump out in a crowd, but I be scared to do it  
Cause if they pull on me the wrong way, I'ma go to shooting [Chorus: Kodak Black]  
Red bottom kicks I feel like stomping in here  
No oatmeal and grits I'm eating codfish in here  
New space coupe feel like a martian in here (Yeah)  
Fuck a protest let's start a moshpit  
Red bottom kicks I feel like stomping in here  
No oatmeal and grits I'm eating cod fish in here (Ayy)  
New space coupe feel like a martian in here  
Fuck a protest lets start a moshpit
