

You Don't Even Know (feat. Tay Walker)

The Internet

You're beautiful
You brighten up my day
And when your skin touches mine
I get goosebumps right away
But you don't even know
Don't even know
But you don't even know
Don't even know
As usual
I long for your embrace
I'm a fiend for your attention
Yes I am babe
But you don't even know
Don't even know
Said you don't even know
Don't even know
But you don't even know
You have no idea
(But you don't even know)
You have no idea
(Said you don't even know)
But you don't even know
Don't even know
Said you don't even know
Don't even know
If you only knew how i look at you, drive me crazy
But maybe it's you who hasn't improves
And you should already know
Already know
Already know
You should already know
Already know
You the reason I'm singing my song
When I say that you are the beat in my heart
Babe you should already know
Already know
Already know
Baby you should already know
Already know
Already know
You have no idea
You have no idea
But you don't even know
Don't even know
Don't even know
Said you don't even know

Don't even know You don't even know
You have no idea
You don't even know
You have no idea
You don't even know
You have no idea
You don't even know
You have no idea, yeah
