

She Walked Away

BarlowGirl

She couldn't take one more day
Home was more her prison now
Independence called out
She had to get it A fight was all she needed
To give her reason
She slammed the door with no goodbye
And knew that it was time Now she's driving to fast
She didn't care to glance behind
And through her tears she laughed
It's time to kiss the past goodbye
I'm finally on my own
Don't try to tell me no
There's so much more for me
Just watch what I will be Chorus
She walked away
Couldn't say why she was leaving
She walked away
She left all she had believed in Not a day goes by
For the ones she's left behind
They're always asking "why?"
And thoughts of her consume their mind God please let her know
The love we tried to show
We'd promise anything
If you'd just bring her home
Chorus Bridge
Tell her we love her
Tell her she's wanted
And one more thing God
Tell her please, come home
Please, come home Chorus (2x) The choice is yours alone now
Tell me how this story... ends
