Longtime

EMF

This is the way the world ends
This is the way the world ends
This is the way the world ends
Not with a bandYou come, you go

I see you, it snows I see you, it's fine

Let it happen slowlyYou come and you go

You've got a life, and that's fine

But you're here, and you're mine

I haven't seen you in a long timeYou come, you go

I see you, it snows

I see you, it's fine

Let it happen slowly

And you come and you go

You've got a life, and that's fine

But you're here, and you're mine

I haven't seen you in a long timeGonna make it, gonna do it

Now it's dark, now it's time

Gonna make it, gonna do it

Through the darkness you're mineYou come and you go

I see you, it snows

I see you, it's fine

Let it happen slowly And you come and you go

You've got a life, and that's fine

But you're here, and you're mine

I haven't seen you in a long time

Gonna make it, gonna do it

Now it's dark, now it's time

Gonna make it, gonna do it

Through the darkness you're mineYou come and you go

I see you, it snows

I see you, it's fine

Let it happen slowlyAnd you come and you go

You've got a life, and that's fine

'Cause you're here, and you're mine

I haven't seen you in a long timeThe way it's going to happen

It's the way it's going to go

It's the only way to do it

It's the only way I knowThe way it's going to happen

It's the way it's going to go

It's the only way to do it

It's the only way I knowThe way it's going to happen

It's the way it's going to go
It's the only way to do it
It's the only way I knowThe way it's going to happen
It's the way it's going to go
It's the only way to do it
It's the only way I know
