

# Thank You, Stars

Katie Melua

Some call it faith, some call it love  
Some call it guidance from above  
You are the reason we found ours  
So thank you stars Some people think it's far away  
Some know it's with them everyday  
You are the reason we found ours  
So thank you stars There are no winds that can blow it away on the air  
When they try to blow it away 's when you know it will always be there To some it's the  
strength to be apart  
To some it's a feeling in the heart  
And when you're out there on your own, it's the way back home There are no winds that can  
blow it away on the air  
When they try to blow it away 's when you know it will always be there  
Some call it faith, some call it love  
Some call it guidance from above  
You are the reason we found ours  
So thank you stars  
Thank you stars  
Thank you stars
