

Thank You, Stars

[Katie Melua](#)

Some call it faith, some call it love
Some call it guidance from above
You are the reason we found ours
So thank you stars Some people think it's far away
Some know it's with them everyday
You are the reason we found ours
So thank you stars There are no winds that can blow it away on the air
When they try to blow it away 's when you know it will always be there To some it's the
strength to be apart
To some it's a feeling in the heart
And when you're out there on your own, it's the way back home There are no winds that can
blow it away on the air
When they try to blow it away 's when you know it will always be there
Some call it faith, some call it love
Some call it guidance from above
You are the reason we found ours
So thank you stars
Thank you stars
Thank you stars
