

Criminal (feat. Kaan)

Smiley

Somebody help me out, I feel like going crazy
Help me out, I'm falling for my baby!
Help me out, with everything she does
She tells me all
I locked her in my heart
Cause she's a criminal! Anybody seen that girl of mine
Always want to shine
Always catching your attention!
No, I can't get her out of my mind
Forever change my life
Gotta have her, gotta taste her, gotta do her right!
And I get it that she's playing
Keeps me wishing, keeps me guessing like you're feeling
And I get it that she's playing
Keeps me wishing, keeps me guessing like you're feeling
And I get it that she's playing
Keeps me wishing, keeps me guessing like oh, oh! Somebody help me out, I feel like going
crazy
Help me out; I'm falling for my baby!
Help me out, with everything she does
She tells me all
I locked her in my heart
Cause she's a
Criminal, magical, chemical reaction
Criminal, magical, chemical reaction
Criminal, criminal!
Yeah so great
I love it when you walk in my way
I believe I can fly, MJ
Fly to the moon one day!
It's just me and I
I'm addicted to you, don't ask me why
I got your back, you got my back
Right what I want, Bonnie and Clyde!
We strike them out like my ex-es
Yeah, I only give a shit
What they're talking, what they hating
Cause you know they're on my shit!
You're dangerous like TNT
I play with fire to break the ice
Think about you day and night! Somebody help me out, I feel like going crazy
Help me out; I'm falling for my baby!

Help me out, with everything she does
She tells me all
I locked her in my heart
Cause she's a
Criminal, magical, chemical reaction, baby
Criminal, magical, chemical reaction, baby
Criminal, magical, chemical reaction, baby
Criminal, magical, chemical reaction, baby
Criminal, criminal!
