I'm a fool for that shake in your thighs I'm a fool for that sound in your sighs I'm a fool for your belly I'm a fool for you loveI wanna make this plain Ooh, i know your faded Hmm, but stay, don't close your hands I wanna make this plain Ooh, i know your faded Hmm, but stay, don't close your hands Caught in this pool held in your eyes Caught like a fool without a line We're in a natural spring with this gentle sting between usI wanna make this plain Ooh, i know your faded Hmm, but stay, don't close your hands I wanna make this plain Ooh, i know your faded Hmm, but stay, don't close your handsOooh, stay open Oooh, stay openStay open Stay open I wanna make this plain Ooh, i know your faded Hmm, but stay, don't close your hands I wanna make this plain Ooh, i know your faded Hmm, but stay, don't close your hands Stay open Stay open Stay open Ooh, stay open
