

Gone

The Weeknd

I got you
I got a hold of you
Said you want to see
How we roll
Well take a seat (take a seat)
And we'll just
Drink it, drop it, drink it, spill it
Baby, touch your body, body
You gotta, taste it, feel it, rub it on me baby
Don't you worry, you gotta keep up
Cuz I been gone, I been gone, I been gone, I been gone
Girl
Why don't you fuck what you heard, baby
Cause I been gone
You can see for yourself, lady
Girl, I lit you something
Something something, for you
You would love to pass around Yeah, yeah, yea yea yea yea Oh well just- Drink it, drop it, drink
it, spill it
Baby, touch your body, body
Gotta taste it, feel it, rub it on me baby
Don't you worry, don't you worry, you gotta keep up
Cause I been gone
I've been gone, I've been gone, I've been gone I've been gone, I've been gone
I've been gone, I've been gone, I've been gone
I hope I make it home
You'll be thinking of it
I got the whole city on my side, tonight, tonight
Watch us rock it out Watch us leave it girl
After the show is done
You can take take me to yours But my lungs so muddy
I love the way you taste
Drink it till I'm ugly baby
Fuck me while I'm faded
Feel that through my denim
Babygirl I gotcha
I'm only 21 so I do it when I wanna
Gone from the codeine, 'methazine, lean
Got me feelin' kinda weak And it's kinda hard to breathe
But you're turning 23, so I'll fuck you if you need
In your birthday suit
I'mma give you what you fiend But I ain't taking off my black boots

I'm fallin
Cuz I'm numb from the neck down
I'm sorry
You won't know that I can't feel it I could win a fucking oscar
By the way I fuckin did it
And you won't ever fuckin know
Cuz I won't ever fuckin show it
Except when I be wheezy from that other cup of potion Dirty spiked toastin
Fast life fuck slow
Low life for life
Let them meds flow
Let the night flow
I'm so gone
Let these meds flow
I'm so gone
Let these meds flow
I'm so gone
I'm so gone
Woah, woah, oh
Said im gone gone gone
Woah oh
I'm so gone
Gone
