Dimples

Canned Heat

HookerI got my eyes on you I got my eyes on you I got my eyes on you See everything you do I got my eyes on you.I love the way you walk I'm just crazy 'bout your walk I like the way you walk You made me stuff I got my eyes on you I had a dream last night that I held you tight A dream to held you close Well, it's only a dream but as strange as it seems I thought that you belonged to me.I got my eyes on you I got my eyes on you I got my eyes on you See everything you do I got my eyes on you. I had a dream last night that I held you tight A dream to held you close Well, it's only a dream but as strange as it seems I thought that you belonged to me. I got my eyes on you I got my eyes on you I got my eyes on you See everything you do I got my eyes on you. Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
