## Runtown

It's del b on the beat

Baby come and chop my money eh  
Baby back to the next thing  
Baby this no be joking eh  
Sound God give you all you wanting  
All this niggas come and beefing you  
Baby back to the dancing  
Baby this no be joking eh  
So I say no man say no man can take my joy away  
I just wanna get more money and live my life my way  
Free smoke free Hennessey  
More life to my enemies ah ah ah  
They wan take away the energy  
I no go like this kind of life e make me craze  
Kind of life e make you loose your mind eh  
And baby girl I no go lie I like the

Pull up in a white world  
You no still believe cos am letting a black one

Girl we been through that oh  
Tell them make dem light one  
So I say no man say no man can take my joy away  
I just wanna get more money and live my life way  
Free smoke free Hennessey  
More life to my enemies  
They wan take away the energy  
They don take away the energy  
Free smoke free Hennessey  
More life to my enemies  
They wan take away the energy  
They don take away the energy
