

Buried Alive

Otep

I speak in verses,
prophecies,
and curses. I speak in verses,
prophecies,
and curses I hate my life No miracle is coming (Hate you)
It's just a hole
(Hate you)
Nothing's wrong with you
(Hate you)
Must maintain control
(Hate you)
Everyone's asking questions
No place is safe
I'll forfeit resurrection
To escape this pain
I hate my life I speak in verses, prophecies and curses
This storm of thorns is growing
(Hate me)
There's no end in sight
(Hate me)
Chaos claws my jaw
(Hate me)
And incites a mental riot
(Hate me) I'm in the mouth of madness
With a tongue of poetry
I ate the spine of Atlas
Now the world is crushing me I hate my life
Buried alive behind enemy lines
Surrogate child for the sins of all mankind
Hate!
Buried alive behind enemy lines, buried alive, buried alive
For the sins of all mankind
