

Strip

Raheem DeVaughn

Take that off
And take that off
And that too
Wait, you can leave those on The way your body naked standing in your high heels
You make me, you make me feel so mannish
I start thinking, I start thinking
Dirty thoughts
Like how wet when your levy breaks
Like how sweet is the chocolate cake
Yeah
And when you take your jeans off just to put your heels back on
When you strip yeah (strip, strip)
Strip (strip, strip, strip, strip)
All I know is when you're backin' up all I wanna do is do you
I want you to (I wanna persuade you to strip, strip)
I can't wait till you (strip, strip, strip, strip)
Strip yeah
I want When you're still fresh wet out the shower
You make me wish that I was your bath water
I wanna lay down with you naked for hours (hours)
Let me help you out your bra and those panties too
Keep your high heels on for the freak in you
Now the song turn on I love it
When you strip (strip, strip)
Yeah (strip, strip, strip, strip)
Yeah
I want you to (I want you to)
Strip, Strip
Yeah baby (strip, strip, strip, strip)
Oh baby take your clothes off
I want you to (Take your clothes off)
Strip First you take your clothes off
Then you let your hair down
You ridin' me like a seesaw, I'll become your playground
First you strip your clothes off
Then you let your hair down baby
Then you ride me like a seesaw baby I'll become your play ground I love it when you
Strip strip
Strip, strip, strip, strip
When you strip for me baby
I want you to
Strip strip

Please strip yeah
Love it when you strip yeah yeah
I want you to Now that we're standing face to face
Strip strip
Take your bra off take your panties off
Let your hair down (just strip)
I want to do
Strip strip
Strip strip strip strip
