

# The Bitter End

## Sum 41

There's no doubt in my mind when it's over,  
what is done will be  
You will find when life gets colder there's no sympathy  
There's no point trying, you can't escape the bitter end  
Well, who will greet you when you're at the bitter end All your choices chosen, you've got no  
say, your decisions made  
Face your consequences as your life begins to fade  
As time keeps spinning closer to the bitter end  
Well, who will greet you when you're at the bitter end  
Slip Take a look at yourself, time keeps racing, is all you've come to be  
What you expected, are you still chasing possibilities  
'Cause all your prayers won't save you from the bitter end  
Well, who will greet you when you're at the bitter end  
The bitter end  
The bitter end soon
