

# Hold On Longer

[John Legend](#)

Broken hearts rain on our angelic flies  
But I won't run, I'm with you, that's enough  
Kiss me now so you won't run  
Out of breath underwater  
Girl you can hold on longer  
Girl you can hold on longer  
Girl you can hold on longer  
Long as you want  
Oh, oh, oh, oh  
Love is an ocean  
Swimming and try not to drown  
Right in the waves  
Praying we don't go down  
In the undertow I'll pull you out  
Out of breath underwater  
Girl you can hold on longer  
I know the waves get stronger  
Girl you can hold on longer  
Long as you want  
Oh, oh, oh, oh  
Hold on
