

I'm a Fan (feat. Jeremih)

Pia Mia

He like the way I've been dancing in the mirror
I'm just here, need no one to interfere
God, I love how you keep that body fit
Got a cup, just in case you want a sip
I'm in love, I'm in love with your sin
Wanna hook up one more time, I can't resist
Hit that one time, hit that one time
Be like, "Who's is this?" Baby, baby, baby, now we're way too curious
I wanna take a picture, take a picture
I'm in love with ya I could tell that you're a fan
You're a fan already
You're a fan already
Know that you're a fan
He a fan already
He a fan already
Yeah, you dancing in the mirror
Yeah, I'm a fan already
I'm a fan already, yeah
The way you dancing in the mirror
Yeah, I'm a fan already
I'm a fan already, already Tell me, when's the last time that you had a good time?
Hit you on a touchdown, now
Put you on this lifestyle
Boy, you with the best now
Have you make the right sounds now
We gon' take it full speed, the droptop, yeah
Hold me a 3P, 'cause I love foreplay
By the way you work, yeah yeah yeah
You got what I want, yeah yeah yeah Baby, baby, baby, now we're way too curious
I wanna take a picture, take a picture
