## **Stoned In Love (feat. Tom Jones)**

## Chicane

If you could see me here this way Looking backwards from today Would you do it all again? If I could roll it back to you Just like lovers always do I'm stoned in love but not with youGood luck, cause we're not feeling stoned in love It's how I'm feeling now I feel the love is made of stone We're not feeling stoned in loveGood luck, cause we're not feeling stoned in love It's how I'm feeling now I feel the love is made of stone We're not feeling stoned in love If we could wash the past away Would we go our separate ways I'd do it all again, as if I caredIs this the way it's meant to be Stoned in love but not with me You're stoned in love but not with meGood luck, cause we're not feeling stoned in love It's how I'm feeling now I feel the love is made of stone We're not feeling stoned in loveGood luck, cause we're not feeling stoned in love It's how I'm feeling now I feel the love is made of stone We're not feeling stoned in loveStoned in loveI'm stoned in love but not with you Good luck, cause we're not feeling stoned in love It's how I'm feeling now I feel the love is made of stone We're not feeling stoned in loveStoned in love, stoned in love Stoned in love, stoned in love Stoned in love, stoned in love Stoned in love but not with youAs if I care If I care Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
