Wolf Pack

The Vaccines

You've seen the world What did it look like? You took a plane I'll take a push bike Run with the wolves Calling all the wolf pack When did you go and when did you get back? I don't even know you You're just someone new I don't want to talk to You're wild, I don't find you crazy at all You're on the rocks Would you like to get some? I'm kind of straight Where do you come from? I'm always right but what's your perception? I'm kind of shy Oh, didn't he mention?I don't even know you You're just someone new I don't want to talk to You're wild, I don't find you crazy at all I don't even know you You're just someone new I don't want to talk to You're wild, I don't find you crazy at all I don't even know you You're just someone new I don't want to talk to You're wild, I don't find you crazy at all
