

Without You My Love (feat. Rico & Miella)

Seven Lions

I said I'd be right here
I'd keep for all our years a ship through time
Your eyes betray all your fears, flood with all our tears
The tides were high I can't be without you my love
Oh I can't be without you my love
Without you my love (without you my love)
Without you my love (without you my love)
Oh I can't be without you my love
Without you my love (without you my love)
Without you my love (without you my love)
Oh I can't be without you my love
Without you my love
Without you my love
Without you my love
Without you my love
Oh I can't be without you my love I can't be without you my love
Oh I can't be without you my love
Without you my love (without you my love)
Without you my love (without you my love)
Oh I can't be without you my love
Without you my love (without you my love)
Without you my love (without you my love)
Oh I can't be without you my love
Without you my love
Without you my love
Without you my love (Oh I)
Without you my love (Oh I)
Oh I can't be without you my love
