

# Only 4 Me (feat. Ty Dolla \$ign & Verse Simmonds)

Chris Brown

You know what time it is?  
Legendary  
And I brought some of my friends with me  
Like they here, here go, huh  
Faces in my pillow case  
Mascara on my sheets  
She shake it for the money  
She shake it like a freak, oh  
Only for me, me, me, oh  
Tonight, only for me, me, me  
Oh, oh, oh, oh  
Tonight, tonight  
Told her, you ain't gotta tell no lies, girl, you ain't gotta tell no lies  
I don't wanna be the one who judge you, baby, it's your life  
I ain't gon' gas you up, girl but that ass on fire  
And I know you got a man, but fuck that nigga nine, uh huh  
All these niggas tryna holla  
I'm ain't tryna waste your time, tryna bother  
I just wanna come through, do you got friends?  
I ain't tryna press you, do you got plans?  
Room 112 at the Four Seasons  
Left the key downstairs, get it on your way in  
She said: I ain't got no panties on  
And you gon' leave with no panties on  
And that night I'm going through the same thing  
She know I ain't looking for a main thing  
And she gon' do whatever for a real one  
I switch 'em up, just like a million, hey  
Faces in my pillow case  
Mascara on my sheets  
She shake it for the money  
She shake it like a freak, oh  
Only for me, me, me, oh  
Tonight, only for me, me  
Oh, oh, oh, oh  
Tonight, tonight (yeah)  
You smell that girl perfume on my pillow  
I said: Don't worry 'bout it, ain't got nothing to do with us  
I knew as soon I hit it more than once  
I gave you the wrong impression, still haven't learnt my lesson  
That love is good as a motherfucker, girl  
Yeah, yeah, yeah, yeah, yeah, yeah  
Girl, I got you sprung and I'm up, aw yeah

Yeah, yeah, ooh And that night I'm going through the same thing  
     She know I ain't looking for a main thing  
     And she gon' do whatever for a real one (let's switch 'em up)  
 I switch 'em up, just like a million, hey Faces in my pillow case  
     Mascara on my sheets (oh, oh, ooh)

 Tonight, only for me, me (tonight your mine, yeah, yeah, girl)  
     Tonight, tonight You see my phone ringing when I'm asleep  
 You know it's them other girls, I come around you all the time  
     And you can't believe that it's your best friend  
     And you say: How could you cheat with them hoes?  
 I should have been, told her, I had a couple of her friends over  
     We started drinking, I wish I would have stayed sober  
     We started dancing, they started pooling  
 Straight to the bed, then we started fucking, hey And that night I'm going through the same  
     thing (same thing)  
     She know I ain't looking for a main thing (ooh, oh, oh)  
     And she gon' do whatever for a real one (real one)  
 I switch 'em up, just like a million (yeah, hey, oh) Faces in my pillow case (yeah)  
     Mascara on my sheets (oh, oh)  
     She shake it for the money  
     She shake it like a freak, oh  
     Only for me, me, me, oh  
     Tonight, only for me, me  
     Oh, oh, oh, oh (for me)  
     Tonight, tonight Yeah (only for me)  
     Verse (for me), Ty (for me), Breezy  
     (Hey, only for me)  
 This goes out to all the girls (me), hey (yeah) She gon' drop that ass (wooh) only for me  
     She gon' pop that pussy (wooh) only for me  
     Dance, dance, dance do it only for me (do it)  
 Dance, dance, dance do it only for me (huh) Faces in my pillow case  
     Mascara on my sheets  
     She shake it for the money  
     She shake it like a freak (oh)  
     Only for me, me, me oh  
     Tonight, only for me, me  
     Oh, oh, oh, oh  
     Tonight, tonight
