

# Safe

## Westlife

Hard to find a way to get through  
It's a tragedy  
Pulling at me like the stars do  
You're like gravity  
Even if the wind blows  
It makes it hard to believe How you gonna love  
How you gonna feel  
How you gonna live your life like the dream you have is real  
And if you lost your way  
I will keep you safe  
We'll open up all the world inside  
I see it come alive tonight  
I will keep you safe  
Doesn't even matter to you  
To see what I can see  
I'm crawling on the floor to reach you  
I'm a wreck you see  
When you're far from home now  
Makes it hard to believe So how you gonna love  
How you gonna feel  
How you gonna live your life like the dream you have is real  
If you've lost your way  
I will keep you safe  
We'll open up all your world inside  
Till you come alive tonight  
I will keep you safe We all fall down  
We all feel down  
Cause rainy days and summer highs  
The more we pray the more we feel alive  
How you gonna love  
How you gonna feel  
How you gonna live your life like the dream you have is real  
How you gonna love  
How you gonna feel  
How you gonna live your life like the dream you have is real If you've lost your way  
I will keep you safe  
We'll open up all your world inside  
So you come alive tonight  
I will keep you safe  
I will keep you safe  
I will keep you safe
