

# Bigger

Justin Bieber

Her love, her love is, bigger  
Her love, her love is, bigger  
Her love, her love is, bigger  
Big  
Gotta believe in me  
Believe me like a fairytale  
Put your tooth under your pillowcase  
No I won't, I won't Have I ever let you down? (No)  
Like a see-saw it's down (Oh)  
You know why  
'Cause we ain't in the playground  
No more games  
We're big enough to stand in the picture  
We're big enough to stand next to ride  
I was a player, when I was little  
But I'm bigger, I'm bigger  
A heartbreaker, when I was little  
But I'm bigger, I'm bigger  
And all the haters, I swear they look so small from up here 'Cause were bigger, a lot bigger  
I'm bigger, and you're bigger  
(Whooaaa)  
I remember when my heart was young  
Was still bigger than me (still bigger than me)  
Is that the reason that you stayed?  
Most would have got rid of me (hey)  
Now the bullies in the school yard  
Can't take a hugs and our kisses from us (No)  
Because, we ain't pushovers no more, baby  
We're big enough, to stand in the picture  
We're big enough, to stand next to ride  
I was a player, when I was little  
But I'm bigger, I'm bigger  
A heartbreaker, when I was little  
But I'm bigger, I'm bigger  
And all the haters, I swear they look so small from up here  
'Cause were bigger, a lot bigger  
I'm bigger, and you're bigger  
I was a player, when I was little  
But I'm bigger, I'm bigger A heartbreaker, when I was little  
But I'm bigger, I'm bigger  
And all the haters, I swear they look so small from up here  
'Cause were bigger, a lot bigger I'm bigger, and you're bigger  
(Oohh)

I remember that, like yesterday  
We were little then, my baby.  
Ooh, you oh, whaaa  
Since then all I can remember, is the love falling down  
I was a player, when I was little  
But I'm bigger, I'm bigger  
A heartbreaker, when I was little  
But I'm bigger, I'm bigger  
And all the haters, I swear they look so small from up here  
'Cause were bigger, a lot bigger  
I'm bigger, and you're bigger I was a player, when I was little  
But I'm bigger, I'm bigger  
A heartbreaker, when I was little  
But I'm bigger, I'm bigger  
And all the haters, I swear they look so small from up here  
a lot bigger  
im bigger  
your bigger  
Whooooaa
