

# There Was This Girl

Riley Green

Never knew my old man's truck could even run like that  
Should've known better than to take that curve so fast  
Daddy pulled up, I was down in a ditch  
He asked me why I did what I did  
There was this girl, drink in her hand  
Shootin' me a "let's get into trouble" grin  
I ain't never seen somethin' so fine  
And I was doin' anything to make her mine  
I was out of my mind, she was out of this world  
There was this girl  
Some folks ask me why I still pick this guitar  
They say livin' that life on the road won't get you very far  
I say man you should've been down in Tupelo  
Seen what was in the front row  
There was this girl, beer in her hand  
Shootin' me a "play a little Skynyrd" grin  
She's turnin' it up, she's turnin' me on  
And I'd play her anything she'd sing along  
I was out of my mind, she was out of this world  
There was this girl  
Yeah there was this girl  
Didn't know a diamond ring could cost so much (damn)  
Took six months on a farm 'fore I saved up  
All my drinkin' buddies still out on the town  
Wonderin' why I ever settled down  
But there was this girl, holdin' my hand  
Shootin' me a "start a life together" grin  
She's pullin' me in, she's straightenin' me out  
And now I know what love is all about  
I'm still out of my mind, she's still out of this world  
There was this girl  
Yeah, there was this girl  
Yeah, there was this girl  
There was this girl
